Shalala Shalala there once was me.
And now konwone knows me. I once was there and now
I'm gone. When you look at that girl she's just
disapered. That once was me.

If I ever looked into your eyes and said something you
didn't want to hear. I was gone you didn't think of how I
would of felt so you just went and did what you wanted.

When I was there, there wouldn't be a fight. When I was
there, there wouldn't be a frown I would always cheer
you up in the end. Now I'm starting over again have you
ever thought? Have you ever been so proud?

Thinking of you might make me frown. Might make me
frown.

If I ever looked into your eyes and said something you
didn't want to hear. I was gone you didn't ever think of
how I would of felt. So you just went and did what you
wanted.

Thinking of you might make me frown.
