Baby can you teach me - how to Baby can you reach me i am calling out for you Underneath your window tonight I am no Juliet so help me make it right If I can get this message Throug to your heart It would be more than I can understand No beginner ever skip the start And I wanna learn more Than I possibly can Don't know much I don't know much, much about love I'm out of touch I don't know much Much about love

Baby when I kiss you Will I hear Little words of yes You've been keeping from me I'm rushing like a fool babe Cause I know If they tought you this in school You must have made the honor roll If I can get this message Through to your heart It would be more than I can understand No beginner ever skip the start And I want to learn more Than I possibly can Cause I don't know much I don't know much about love I'm out of touch I don't know much Much about love
