Tell me why are you crying, my son  
I know you're frightened like everyone  
Is it the thunder and lightning you fear  
Will it help if I stand very near

And if you take my hand, my son  
Things will be well when the day is done  
And if you take my hand, my son  
Things will be well when the day is done

Why don't you take my hand, my son  
Things will be well when the day is done  
So come on and take my hand, my son  
Things will be better when the day is done

You ask me why I'm sighing, my son  
You shall inherit what mankind has done  
In a world filled with sorrow and woe  
Please don't ask me why this is so

All you gotta do is take my hand, my son  
Things will be well when the day is done  
So won't you take my hand, my son  
Things will be well when the day is done

Come, come on and take my hand, my son  
Things will be well when the day is done  
Why don't you take my hand, my son  
Things will be better

Day is done, day is done  
Day is done, oh, done

All you gotta do is take my hand, my son  
Things will be well when the day is done  
Come on, come on and take my hand, my son  
Things will be better when the day is done

Tell me why you're smiling, my son  
Is there a secret you can tell everyone  
Do you know more than men that are wise  
Can you see what we all must disguise

So won't you take my hand, my son  
Things will be well when the day is done  
And if you take my hand, my son  
Things will be well when the day is done

Come on, come on and take my hand, my son  
Things will be well when the day is done  
All you gotta do is take my hand, my son  
Things will be better

Day is done, things will be better  
Day is done, things will be better  
Day is done, things will be better  
Day is done, things will be better, better

Day is done, things will be better  
Day is done, things will be better, better  
Day is done, things will be better  
Day is done, things will be better, better...
