IN THE HOURS BEFORE THE MORNING,  
Walking home I pass her door  
And I send a special prayer  
Up to the room on the second floor  
For my mind is in there with her  
But my body takes me home  
And I need to have a love  
Because I've been too long alone  
So won't you Welcome me love  
My name is lonely  
Tell that girl that I think OF her only  
I WANNA DO IT RIGHT  
So help me LIGHT the light in her HEART  
Welcome me love  
I know you don't know me  
Take my hand there's a lot you can show me  
I WANNA DO IT RIGHT  
So help me LIGHT the light in her HEART  
I'll try to make her happy  
And I promise I'll be good  
I'll play it by the rules  
Just like every lover should  
AND times that I will fail her  
And we'LL let each other down  
But I'm sure that we can make it  
JUST As long as you're around  
So won't you Welcome me love  
My name is lonely  
Tell that girl that I think OF her only  
I WANNA DO IT RIGHT  
So help me LIGHT the light in her HEART  
Welcome me love  
I know you don't know me  
Take my hand there's a lot you can show me  
I WANNA DO IT RIGHT  
So help me LIGHT the light in her HEART
