She knows I'm true  
But what she don't know  
Is I'm true to only you

Tell me where does it stop  
Does he know his married life  
Is on the rocks

Now before you say you want me  
For the rest of your life  
What are we gonna do  
About your husband  
And what are we gonna do  
About my wife

Sneak to your side in the darkness  
Where our faithfulness must hide  
Knowing I'll forever taste  
All the tears I put upon  
My children's face

Before I say I want you  
For the rest of my life  
What are we gonna do  
About your husband  
And what are we gonna do  
About my wife

Should we stop and look around  
Let's think about the  
Hearts we'll be breaking

And though we want each other  
We need each other and  
We love each other  
Think about the move we are making

Baby, don't you dry  
No matter what  
We'll never, never say goodbye  
And I, I promise you this  
Though she wears my ring

You'll always wear my kiss

Don't ask for marriage  
We can't pay the price  
Cause you don't really  
Wanna hurt your husband  
And I don't really  
Wanna hurt my wife

Oh, we'd better stop  
Think it over, baby  
Oh, what are we gonna do now  
You've got to help me, baby

Cause I need, I want you  
And I love you, hey, hey
