I can't get, get any closer, you're so distant, so far  
away  
Am I losing you?  
This fix of love will cool you down for a while  
I know how bad it was before  
You told me we can make it somehow if we really try  
But where's the love, where's all the money we saved

Love's floating to the beat on the forty second street  
The money killed the love we tried so hard to keep  
Remember how love was wild  
Remember how love was real

Love's hot, love's an injection  
(Yeah, yeah)  
Love's hot, love's an injection  
(Yeah, yeah)

Love's hot, love's an injection  
(Yeah, yeah)  
Love's hot, love's an injection

Now that we're out of control, gimme a try, one more  
try  
Am I too young for you?  
The city streets look so cold , so don't throw me out  
I know things will turn out good  
They'll be just like they were before  
If we really try, really try

Love's floating to the beat on the forty second street  
The money killed the love we tried so hard to keep  
Remember how love was wild  
Remember how love was real

Don't throw me out  
Don't throw me out  
Don't throw me out, no

Remember how love was wild  
Remember how love was real

Love's hot, love's an injection  
(Yeah, yeah)  
Love's hot, love's an injection  
(Yeah, yeah)  
Love's hot, love's an injection  
(Yeah, yeah)

Love's hot, love's an injection  
(Yeah, yeah)  
Love's hot, love's an injection  
(Yeah, yeah)

Love's hot, love's an injection  
(Yeah, yeah)  
Love's hot, love's an injection
