I'm not your slave, never was, never will be  
I gave all i had and you took what you needed  
It's out of gods lips into your ears  
You act like you ain't gotten laid in five years

Powertrip  
Powertrip  
Why can't you admit you've been pussy-whipped  
She's on a powertrip

Bitchin' comes off me like water on oil  
But this powertrip babe is way outta control  
Something's gotta give or someone's gonna get  
smashed  
Your ego's writin' cheques that your body can't cash

Powertrip  
Powertrip  
Even tougher than than most get burned like toast  
With your powertrip  
Powertrip  
Powertrip  
Powertrip

Powertrip  
Powertrip  
Even tougher than than most get burned like toast  
With you your powertrip

Why can't you admit you've been pussy-whipped  
She's on a powertrip  
Powertrip  
Powertrip
