She would come to me from down in the city  
Offering her love on a plate  
I said, ?I don't want no city emotions  
Where I'm from love is cold, so cold?

So, she'd leave back for the central  
Just to never return  
Stayed in my sweet suburbia home  
Although suburb is cold, so cold

Give me sex, oh, give me drugs  
Give me all the love they've got  
They give me money, they give me shelter  
Give me everything they've got, yeah, yeah

I don't want no city emotions, no, no  
Where I'm from love is cold  
I don't want to leave for the city  
The suburbs is my home, yeah, yeah

Sometimes day's as dark as night  
The suburban natives fight  
They got no urban desires  
They burn in the suburban fire

My roots is home in the blocks  
The roots of the Hanoi Rocks  
Suburban winds in the night  
Make us know we're alive, oh, we're alive

Give me sex, they give me drugs  
They give me all the love they've got  
They give me money, they give me shelter  
They give me everything they've got, that's what I need

I don't want no city emotions, no, no  
'Cos where I'm from love is cold  
I don't wanna leave for the city  
'Cos suburbs is my home, yeah, yeah

We're gonna snort it clean tonight, I'm smoking

So, so, give me, give me  
Give me sex and give me drugs  
Give me all the love that you've got  
Give me your money, give me your home  
Give me everything you've got, yeah

I don't want no city emotions, oh, no  
Where I'm from love is cold, so cold  
Don't wanna leave for the city  
'Cos suburbs is my home, yeah, yeah
