I'm a born worldshaker
True blue rock'n'roll
I question everything that i'm told
I rattle all the cages, kick down the walls
Got no one there who's gonna catch my fall
Catch my fall
Gonna do some worldshakin' my own way

Some go to bed, some go to betty ford's
Such luxury i just can't afford
I say what i think, i mean what i say
Most of my life i've been m.i.a.
M.i.a.
Gonna do some worldshakin'- come what may

So can ya feel the groove?
Ya dig what i play?
It ain't where ya been, it's whatcha do today
I'm a born worldshaker, hey! i'm d.t.k.
We're gonna rock the world and we're here to stay
Here to stay
So let's do some worldshakin' our own way
