When's your birthday, what's your middle name? Who's  
your hero? What's  
your favourite flavour icecream? Can you tell me, tell  
me this? Are you  
Aries? Are you on the coast of Cancer? Wanna get to  
know you better,  
what? No. It's not a quiz.  
Well you can trust me now we'll dig a little deeper, let's  
trade  
numbers, let's trade beepers, I can find you any place.  
Why are you  
looking at your watch? We haven't had desert, it's  
early. Just 8:30 only  
our first date!  
I wanna know do you love me yet? Do you feel the  
same? Be my everything.  
I wanna know, isn't true love great? Come on, tell  
me...when's your  
birthday?  
Where are you going? Why you leaving? After all we've  
been through,  
can't you think of me? I'll think of you! Don't throw it all  
away. I'll  
quit my job I'll have your children, you work hard I'll  
spend your  
millions. Ain't no pressure, you've got time, just don't  
make me wait!  
I wanna know, do you believe in fate? When you  
moving in, be my  
everything? I wanna know, is it for always? Come on tell  
me, when's your  
birthday, yeah, when's your birthday?  
And it isn't, just an observating high. I've never felt this  
way about,  
any other guy before. I'm not getting any younger, I'm  
not fooling  
anymore.  
I wanna know, do you love me yet? Wanna wear your  
ring, be your  
everything. I wanna know, isn't true love great? Come  
on tell me. Come

on, tell me. I wanna know, do you believe in fate? Do  
you feel the same?  
Be my everything. I wanna know, is it for always? Come  
on, tell me,  
when's your birthday?
