Snap your fingers and they come
runnin' to you awesome one
Gettin lonely out in space
it's not such a special place
on the outside lookin in
at the bad girl you've been

Isn't this what you've always wanted?
Isn't this how you've saw the view?
Careful what you wish for...
It just might come true
might come true

You say "catch me when I spin"
as if we've been through thick and thin
I don't think that you can stop
You still want what you ain't got
such a stupid superstar
yeah you are

Isn't this what you've always wanted?
Isn't this how you've saw the view?
Careful what you wish for...
It just might come true
might come true
Isn't this what you've always pictured?
Isn't this what you plan to do?
Careful what you wish for...
It just might come true

I'm trying to find the meaning of life
in a deeper shade of red
on your lips
Tryin' to find a way to be loved
without ever givin' a shit

But enjoy it while you can...
after all the jagged ends
you come around again and again and again

Isn't this what you've always wanted?

Isn't this how you saw the view?
Careful what you wish for...
It just might come true
might come true
Isn't this what you've always pictured?
Isn't this what you plan to do?
Careful what you wish for...
It just might come true
might come true

Isn't this what you've always wanted?
