Packed my bags and kissed your cheek
Turned around so I didn't see you cry, you cry
Sometimes you just can't explain
The reasons why you have to say goodbye, goodbye

It took something, it took falling,
It took distance, it took time,
It took a lot of getting lost to realize
I was already home, right where I was supposed to be

You were right in front of me
I was not alone
I was already home, sometimes you're too close to see
The one thing that you really need has been there all
along
It took leaving you to know, I was already home

It took a long, long road to see,
What matters most in life to me was gone was gone
But I thought what I was looking for
Was right here waiting at your door
I was wrong, so wrong

It took tumbling, it took falling,

It took distance, it took time,
It took a lot of getting lost to realize
I was already home, right where I was supposed to be

You were right in front of me
I was not alone
I was already home, sometimes you're too close to see
The one thing that you really need has been there all
along
It took leaving you to know, I was already home

I was so caught up in the thrill of
Something different something, something new,
It took a lot of missing you to see the truth
I was already home, right where I was supposed to be

You were right in front of me
I was not alone
I was already home, sometimes you're too close to see
The one thing that you really need has been there all
along
It took leaving you to know, I was already home
It took leaving you to know
I was already home
I was already home
