Is there something wrong with the way you feel  
Cause you been acting like you're overloaded  
You're going on like you got something to prove  
You better keep it in mind  
Maybe it's too hot out on the blacktop  
Nobody else is going to save you  
You're pretty uptight for being downtown  
I've been up all night

And I waited  
Waited for something to arrive  
Gotta keep this beat alive  
But she keeps me satisfied  
And I waited  
Waited for something to be real  
When it's pounding in your ear  
Doesn't matter what you feel.  
Where do we go from here?  
The future's so unclear  
You're such a doll, my dear

Well there's nothing wrong with the way you look

But you've been acting like you're up to no good  
You're playing me like I've got nothing to lose  
You better keep it in line  
I'm not gonna get off until the last stop  
Nobody else is gonna to save you  
Turn the heat up before the meltdown  
I've been up all night

And I waited  
Waited for something to arrive  
Gotta keep this beat alive  
But she can't be satisfied  
And I waited  
Waited for something to be real  
When it's pounding in your ear  
Doesn't matter what you feel?  
Where do we go from here?  
The future's so unclear  
You're such a doll, my dear
