Standing cold and scared on top of blue hill,
there came one moment where i lost my will,
i prayed for mercy please lord take me away,
give me sunshine when i only see gray
(ooh,ooh) the past has a hold on me and it can't be
denied and the changes didn't come easily

don't you know i've been lonely,been cheated,been
misunderstood,i've been washed up and put down and
told i'm no good but with you i belong because you help
me be strong there's a change in my life since you
came along (whoa,whoa whoa yeah)

(snapping) i do my working so hard a everyday and i
don't pay no mind to what people say no no cause after
all the pain i've been threw i give up everything just to
love on you

(ooh,ooh)all my life i held my head being
shamed,(ooh,ooh)but know i found you and with you i'll
be made

don't you know i've been lonely,been cheated,been
misunderstood,i've been washed up and put down and
told i'm no good but with you i belong because you help
me be strong there's a change in my life since you
came along (whoa,whoa whoa yeah)

now a man gets crazy when his life is all wrong and
heart gets weery where it doesn't belong so when the
road gets rocky lord you've got to keep on

let the new light come shining up the roof don't you
know i've been lonely,been cheated,been
misunderstood,i've been washed up and put down an
told i'm no good but with you i belong because you help
me be strong there's a change in my life since you
came along (whoa,whoa whoa yeah)(whoa,whoa,whoa
yeah)
