Well the day has come to where  
I've thought of no-one  
Quite as much as I think of you  
As the days go by I never wonder why  
I just know it's true  
Well the day has come  
Well the day has come

Well I never would have thought that I  
Could love someone like I love you

And I never would have thought  
That anyone could love me like you do

The day has come and still I never  
Ask myself why I love you  
As the days go by it seems that I  
Love you more than I did the day before

Well the day has come  
Well the day has come
