For all the love we've made
Just one thing stays the same
The lamp gets dusty
The pipes get rusty
But I don't want to wash my hands clean

You say you love me too
Then why won't you go through
With the nightly kisses
With the hits and the misses
If you can make it on your own then

Go if you want to go
But stay if you want to know
The way through the mess we've made
And lie in a bed you know
Or go

I heard your moving van
But I didn't take a stand
You can't leave with them
You can't live without them
I never thought I'd want to let you

Go if you want to go
But stay if you want to know
The way through the mess we've made
And lie in a bed you know
Or go

For all the love we've made
Just one thing stays the same
The lamp gets dusty
The pipes get rusty
But I don't want to wash my hands clean

Go if you want to go
But stay if you want to know
The way through the mess we've made
And lie in a bed you know
Or go
