This song is called "You would bemy girl..not
Hanson!!**

Actually, this song is called "Boomerang"

Something special about you babe
Maybe its your smile
But when I see you
You peel the dial

Big bang it hit me like a boomerang,
Light turns green and blood starts flowing
Big bang it hit me like a boomerang
Light turns green and my heart starts pumping

Maybe some how in my make believe world
Maybe some how you would be my girl
And I understand there are other guys
But when I see you my blood pressure starts to rise

Big bang bu da ba du bang
Big bang bu da ba du bang
Big bang bu da ba du bang
Big bang bu da ba du bang
Big bang bu da ba du bang
Big bang bu da ba du bang
Big Bang, Big Bang Ow

(spoken):

I've seen other girls in all shapes and sizes
But baby, since I met you, you're the only one for me
