I don't know

Well I can't take this any longer
I can't do this anymore
Im not getting any stronger
I don't know how to feel this anymore

You can tell me what you want
After all that youve done for me
We can make it all undone
But can't you see that

I don't know what to think
And you can tell if Im dreamin
And I wish that I could just let this go
But Im thinking
That I don't know what Im feeling
We just need special breathing
I wish that I could just let this go
But Im thinking that I don't know

I could search a thousand times before
Im up against a wall I can't ignore
I wish you didn't feel so good to hold
Cause then it wouldn't be so hard to know

You can tell me what you want
After all that youve done for me
We can make it all undone
But can't you see that

I don't know what to think
And you can tell if Im dreamin
And I wish that I could just let this go
But Im thinking
That I don't know what Im feeling
We just need special breathing
I wish that I could just let this go
But Im thinking that I don't know

I wish I could tell you
(I wish I could tell you)

That everythings gonna be alright
Cause I just wanna love you
So maybe I could let this go

You can tell me what you want
After all that you mean to me
We can make it all undone

I don't know what to think
And you can tell if Im dreamin
And I wish that I could just let this go
But Im thinking
That I don't know what Im feeling
We just need special breathing
I wish that I could just let this go
But Im thinking that I don't know
