When I wake up in the night, and I need somebody  
It's you, it's you,  
When I wake up in the night, and I need somebody, too;  
It's you.

I need you girl.  
I need you girl.  
I need you through the night and day,  
I need you girl.  
I need you girl.  
I need you through the night,  
And then I hear you say

Whoa, whoa.

You don't know how much I love you child,  
You don't know how much I care.  
You don't know how much I love you child,  
I'll always be there for you,  
I'll never leave you.  
You don't know how much I care.

(Repeat All)
