Gone away  
You left me all alone  
The only thing I got from you was  
You dirty tshirt and hose  
Everyday  
I sit here by the phone  
And listen to your message  
You didn't leave a forward address

Oh oh  
Trying to move on  
Oh oh the magazines keep piling up  
Oh oh  
Happiness is gone  
Got to pull myself together  
Letters in the mailbox for you

Paid your bills  
Every one on time  
Just got the notice  
Your favourite uncle just died

And a name  
I don't recognize  
he says he loves you  
Another day can't leave us behind

Oh oh  
Trying to move on  
Oh oh the magazines keep piling up  
Oh oh  
Happiness is gone  
Got to pull myself together  
Letters in the mailbox for you

Letters they keep coming back

I keep returning to sender  
To sender  
Still they keep coming  
Still there coming back

I keep returning to sender  
To sender  
Still they keep coming  
Still there coming back  
Now I'm just burning your letters  
Your letters  
Still they keep coming  
Still there coming back  
Another day can't leave us behind

Oh oh  
Trying to move on  
Oh oh the magazines keep piling up  
Oh oh  
Happiness is gone  
Got to pull myself together  
Letters in the mailbox for you

Letters they keep coming back  
I keep returning to sender  
To sender  
Still they keep coming  
Still there coming back  
I keep returning to sender  
To sender  
Still they keep coming  
Still there coming back  
Now I'm just burning your letters  
Your letters  
Still they keep coming  
Still there coming back  
I keep returning to sender  
To sender  
Still they keep coming  
Still there coming back  
I keep returning to sender  
To sender  
Still they keep coming
