She caught my eye with the moves she makes,
She knew I meant to make her mine
'cause' there'll be heat in this seduction
I didn't read between the lines

She's got time to lose your mind

I know her looks are meant to kill
That is not what she realized
Her wits so sharp, so shrill
She'll bang you slowly with her mind

She's got time to blow your mind

Chorus: She'll keep on making it rough
Gotta get up, she can't stop
Getting it tough, she'll keep spinning you around
(round, round)
She'll keep on making it rough
Gotta get up, she can't stop
Getting it tough, you'll keep banging em' down (down,
down)

She says the words you want to hear
She's been rehearsing every line
The love you need to have to lead me
Forget your moves, she'll rob you blind

She's got time to lose your mind

Her body moves to gain corruption

Her tender touch like none before
Feel that twist so deep seduction
To steal that halo off your door

She's got time to lose your mind

Chorus: She'll keep on making it rough
Gotta get up, she can't stop
Getting it tough, she'll keep spinning you
around(round, round)

She'll keep on making it rough
Gotta get up, she can't stop
Getting it tough, you'll keep banging em' down (down,
down)

(undestinguishable rap section)

So her looks are meant to kill
That is not what she realized
Her wits so sharp, so shrill
She'll bang you slowly with her mind

She's got time, to blow your mind..

Chorus x3
