Whoa, whoa, whoa you just smile, whoa

Verse 1:

Well this feeling, that you're feeling
It's something I know never felt before
When I see you, I wanna hold You
till the end of time then a little bit more

Chorus:

and I know to let it go
You gotta let your feelings show
So, smile, gimme all your heart
Never be apart
Never leave you alone
If you'll just smile
Tell me that you care
And I'll always be there
Never leave you hurt
If you'll just smile
If you'll just smile

Verse 2:

Well this feeling
I've been feeling
I can feel it right now
From my head to the floor
When I see you
I wanna love you
Till the end of time

Then a little bit more

(Repeat Chorus)

Bridge:

If I've got no joy
And I'm broken in two (broken in two)
If anyone could heal me
I said baby it's you, (baby its you)
Oh, wont you come
And just hold my hand
Cause words that care

As far as i can stand without your smile

Gimme all your heart
We'll never be apart
I'll never leave you lonely
If you'll just smile
Tell me that you care
And I'll always be there
Never leave you hurt
If you'll just smile if you'll just smile
Yeah, just smile
Gimme your heart, yeah
You and I, you and I
