It's getting colder in this ditch where I lie  
I'm feeling older and I'm wondering why  
I heard they told her it was to tell and live or to die  
I didn't know her but I know why she lied  
I didn't know her but I know why she died  
(Yeah) You can't say I didn't give it  
I won't wait another minute  
We're on our way this time around  
You can't say I didn't give it  
I won't wait another minute  
We're on our way this time around  
And we won't go down  
I heard them say that dreams should stay in your head  
Well I feel ashamed of the things that I said  
Put on these chains and you can live a free life  
Well I'd rather bleed just to know why I die  
You can't say I didn't give it  
I won't wait another minute  
We're on our way this time around  
You can't say I didn't give it  
I won't wait another minute

We're on our way this time around

And we won't go down

And we won't go down

And we won't go down

And we won't go down

All I know is that fear has to go

This time around

I've started feeling like I don't want to fight

Give in to the given and put out the light

Cannons a blazing shower these moonlit skies

Then I remember and I know why he died

Do you know why I die?

You can't say I didn't give it

I won't wait another minute

We're on our way this time around

You can't say I didn't give it

I won't wait another minute

We're on our way this time around

You can't say I didn't give it
