The morning comes
Slowly without you
I close my eyes
So the sun won't rise
My heart it sounds like thunder when I wake
And it hurts so much
Here without your touch

All the words that I could say
Seem to be in vain
And your smile means everything
And keeps floating round my brain

Cause if you don't need me
Well there's nothing that I can do
What would you live for?
Cause I would live for you.
All I want is
All that you can be
What do you live for?
Would you live for me?

No one else
Makes me lose myself
Cause where you are
Well it seems so far away
And so it goes
I love what I don't know
What you keep inside
And what you confide in me
coro
Oh.....
What are you waiting for?
We're all we ever need
Yea!
Oh....
What are we waiting for?
Oh yea!

(x2)
Well if you don't need me

Well there's nothing that I can do
What would you live for?
Cause I would live for you.
All I want is
All that you can be
What do you live for?
Would you live for me

(x4)
Would you live for me?
nah nah nah nah
