You smile a lot it makes me wonder what you're
thinking of
Cause baby you're always on my mind and right now I
want you with me here
by my side,
With me until the end of time.

I just can't help myself from falling in love with you,
love love with you.
It doesn't matter what you say or what you do.
No matter what you say no matter what you do.
Just give me a chance and I know ill make you
understand why
I just can't help myself from falling in love with you.

Don't know if I should tell the world just how I feeling
yet
Cause I wanna be sure you feel the same.
The more that I think about it you need to know
theres no other way no no.

I just can't help myself from falling in love with you,
love love with you.
It doesn't matter what you say or what you do.
No matter what you say no matter what you do.
Just give me a chance and I know ill make u understand
why
I just can't help myself from falling in love with you.

You must have been sent from heaven above
You're everything I've ever dreamed of, too good to
be true
No I don't think so.
Baby no lala la lalala la la la lalalalala la la.

Just give me a chance and I know ill make you
understand why
I just can't help myself from falling in love with you.
I think I've fallen in love.
I just cant help myself falling in love with you love love
with you.
It doesn't matter what you say or what you do

No matter what you say no matter what you do
Just give me a chance and I know Ill make you
understand.
Why I just can't help myself from falling in love with
you.
Now I know its love, its gonna be love I think im falling
in love,
I think im falling in love, lo lo love I think im falling in
love.
