"Break My Silence"

Warmth from a streetlight
My mind is playing with its shadows
Lonely, no perfume on my pillow
Footsteps, I imagine what she's wearing

I am the detective, I solve the crime
The sound of the siren passes me by
Break my silence
I need you tonight, I need you now, I need you

Cos my silence is loud
My silence is loud

And I'm, I'm waiting. for the touch of skin on skin
Dreaming for the beauty of your body

I am the detective, I solved the crime
The sound of the siren passes me by
Break my silence
I need you tonight, I need you now, I need you

Cos my silence is loud
My silence is loud, loud

Expression

I need you tonight, I need you now
