Let love be our tutor
let's learn by it's mistakes
let you be my future
never have I felt a love like this before

(Chorus)
cause you're my life, my never ending light
love me tonight and forever
you're my life (oh baby)
Cause when you're in my arms the sun
shines so bright

It's time to be together
it's now and forever
it feels like heaven when I'm with you
never have I felt a love like this before

(Chorus)
Cause you're my life, my never ending light
love me tonight and forever
you're my life (oh baby)
cause when you're in my arms the sun
shines so bright

No mountain is high enough for me to climb
no river is strong enough to stop me from getting by
I will do, i will do anything you want me to do

(Chorus)
Cause you're my life, my never ending light
love me tonight and forever
you're my life (oh baby)
cause when you're in my arms the sun shines so bright
