### "I'm A Bum"

Sit around all day, remote control glued to my hand,  
just waiting for a visit from Ed McMahon. Opportunity is  
knocking but I can't open the door 'cause I'm shit-faced  
drunk passed out on the kitchen floor. I'm a bum.  
Waiting for my fortune to fall into my lap bit if I gotta  
work for it, I'd rather take a nap. I can't eat, I can't  
sleep. I can play Nintendo. But if you paid me to go to  
work I still wouldn't go. I'm a bum, I'm a bum. Sit round  
all day and get nothin' done. I'm a bum, I'm a bum.  
That's right I'm a bum. The boobtube replaced the dog  
as mans best friend. It doesn't shit on the floor and  
always has an ear to lend. Nacho Supreme, a pizza, ten  
hours of TV is all my life will ever be. I'm a bum, I'm a  
bum. Sit around all day and get nothin' done. I'm a  
bum, I'm a bum. If I could pick lotto numbers like I pick  
my nose, I could escape the life of being an average  
Joe. 'Til then I'll sit round all day, remote control in  
hand. Just waiting for a visit from Ed McMahon. I'm a  
bum, I'm a bum. Sit around all day and get nothin'  
done. I'm a bum, I'm a bum. I'm a dirty stinkin' bum.
