You told me you thought that we we're almost there.  
We'd make it together we could go anywhere.  
And now I'm here standing next to the towel you've  
thrown.  
Guess you had other plans. Now I've got to make it on  
my own.  
Make it on my own.

So easy to give up, I wonder what it meant to you.  
Turn the page so quickly is something I won't do.  
I'm not you. You're not me. Two directions we have  
grown.  
This is my dream, if I'm gonna live it then I've got to  
make it on my own.  
Make it on my own.

Won't be long before our lives no longer intertwine.  
You've got your life to live and you know that I've got  
mine.  
I'm not you. You're not me. Two directions we have  
grown.  
This is my life if I'm gonna live it then I've got to make it  
on my own.  
Make it on my own.
