Do you wanna take a chance tonight
I'll make you feel alright
wanna dance the night away
coz I've never felt so good before
and I hope that's how it stays

one, two, one, two, three, four
I won't stop rockin',
I won't stop rockin',
I won't stop rockin' the beat!
come on!

Do you wanna take a chance tonight
I'll make you feel alright
wanna dance the night away
coz I've never felt so good before
and I hope that's how it stays

When we move to the left
we groove to the right
I think my heart starts skippin a beat
and every little time I think of you
I wish that you were next to me

Do you wanna take a chance tonight
I'll make you feel alright
wanna dance the night away
coz I've never felt so good before
and I hope that's how it stays

When we move to the left
we groove to the right
I think my heart starts skippin a beat
and every little time I think of you
I wish that you were next to me

I won't stop rockin',
I won't stop rockin'

I won't stop rockin',
I won't stop rockin',

I won't stop rockin' the beat!
repeat

Do you wanna take a chance tonight
I'll make you feel alright
take a look up to the stars
if you can read my mind
while you look in my eyes
you will know I'll never break your heart

When we move to the left
we groove to the right
I think my hearts starts skippin a beat
and every little time I kiss with you
I feel it burn inside of me

I won't stop rockin' the beat!
come on!
