Don't know what I'm doing, don't know where I'm going.
Don't have a clue and now it's finally showing. Won't
somebody give me a hint or two. Tell me what the fuck
I'm supposed to do. Don't have a compass, don't have
a map. Got a diploma, still lying on my back. The right
track, hell I don't know where it is. It's like I didn't study
for some big pop quiz. No direction. So many
decisions, I can't decide. So many people, in whom do
you confide. There are no signs to tell you what to do.
The path you're gonna take, that's up to you. The road
less traveled leads to certain death. you might succeed
but I wouldn't hold my breath. So conform to the
system work your life away. Wonder what might have
been until your dying day. No direction. Don't know
what I'm doing, don't know where I'm going. Don't have
a clue and now it's finally showing. Won't somebody
give me a hint or two. Tell me what the fuck I'm
supposed to do. Don't have a compass, don't have a
map. Got a diploma, still lying on my back. The right
track, hell I don't know where it is. It's like I didn't study
for some big pop quiz. No direction.
