Hop on my Bigwheel and cruise around the block  
Get in the last few minutes of play before it's 8 o'clock  
I hear momma callin' from across the street  
It's past my bedtime or else it's time to eat  
So sorry Momma but you're just gonna have to wait  
We gotta finish our baseball game it's inning 28  
Chop off my sister's Barbie Doll heads  
Wait 'til she falls asleep and hide them in her bead  
Hide and go Seek, Cops and Robbers  
We'll play smear the queer 'til somebody gets  
clobbered

I Wanna go back  
I Wanna go back

We were ninja's killing snowmen with our swords made  
outta brooms  
G.I.Joes and Transformers strewn across my room  
We'll play Atari for an hour or two  
Hell we'll play until our faces turn blue  
Makin' forts and boobytraps in the woods in the  
backyard  
Finding something dumb to do was never that hard  
First kisses, hits and misses, things to cherish, things  
gone rotten  
Things lost deep in your mind, things never to be  
forgotten

I Wanna go back  
I Wanna go back
