I make \$4.25  
barely enough to stay alive  
and it sucks making minimum wage  
the same as people half my age  
my brain is turning into crud  
and my name might as well be mud  
what self-respect i had was lost  
when I call a primate boss  
\$4.25  
over 40 zillion served  
and still you say what i deserve  
are the few dollars that i make  
with all the profit you take  
and I'm just another soldier  
in the army without a face  
and who cares how I feel  
cause i can easily be replaced  
\$4.25  
The next time you eat at a burger joint  
just stop and think  
about the money they're makin  
for the shit they're takin  
  
and just how much it stinks  
Someone with an attitude comes along  
and says "these pickles don't belong"  
"no sauce" "no onions" "easy on the mayo"  
drivin me buggy have me singin dayo  
dayayo  
woman want cheeseburger, but she don't want no  
cheese  
\$4.25  
I have a dream and here's how it goes  
one day we'll all bond together  
and the young and the old and the mentally slow  
won't work another day ever  
and then Ronald and Jack, the King and Wendy too  
will be the one's saying "May I help you?"  
Hope to see that day  
when I'm alive  
but for now I'm makin  
\$4.25
