Stop and smell the roses. Life's passing you by too fast.
Stop and smell the roses who knows how long these
days will last. Caught in the whirlwind of daily life
forgetting what it looks like outside. Working so hard at
where your'e going forgetting to enjoy the ride. Stop
and smell the roses life's passing you by too fast. Stop
and smell the roses who knows how long these days
will last. All the good stuff is in the middle, but you
won't know if you don't take a bite. The whole world is
out there waiting, but you won't know if you don't open
your eyes.
