Wave the flags as they march off to war.
The body bag count doesn't matter anymore.
How quickly we become uncivilized
When the dirt kicked is kicked in our eyes.
A world away we drop bombs
While back at home every car has a flag sticker on.
And they sing patriotic songs.
And no one knows what's really going on.
Open your eyes. They're killing kids.
We're supposed to be the better man.
We're doing the same things they did.
We bomb a wedding, we bomb our allies, we bomb and
we bomb.
Let the bombs decide!
Let the bombs decide!

Wave the flags as they march off to war.
The body bag count doesn't matter anymore.
How quickly we become uncivilized
When the dirt kicked is kicked in our eyes.
A world away we drop bombs
While back at home every car has a flag sticker on.
And they sing patriotic songs.
And no one knows what's really going on.
Don't get me wrong, I love my country.
But killing innocent people is something I don't want to
see.
Would it be so easy to turn the other cheek,
If the kids that were dying lived just down the street.
Open your eyes. They're killing kids.
We're supposed to be the better man.
We're doing the same things they did.
We bomb a wedding, we bomb our allies, we bomb and
we bomb,
Let the bombs decide!
Let the bombs decide!
