Here we go again, me on the couch and you in the bed.  
A scene we've seen too many times before, this time  
I'm letting you walk through the door. You want too  
much from me. I can't give you all of those things you  
need. Making you happy is such a chore. it's too much  
work, I can't take it anymore. You're all I want you're all  
that I need. You're all it takes to make my ears bleed.  
You make me happy, you make me want to kill. You  
make me crazy and I think that I've had my fill. You  
want too much from me. I can't give you all of those  
things you need. Making you happy is such a chore. It's  
too much work, I can't take it anymore. Sometimes I just  
want to have a little fun. Sometimes the dishes don't  
get done. Sometimes I want to hang out with my  
friends. Sometimes I don't want to feel like shit 'cause I  
don't have the money to buy you all the things that you  
don't need anyway. You want too much from me. I can't  
give you all of those things you need. Making you  
happy is such a chore. It's too much work, I can't take it  
anymore.
