I think of you and I know your love is real  
I miss your emotion  
Take me to heaven with the way you make me feel  
And it's the way you make me feel yeah  
Love and devotion yeheh  
I think of you and I know your love is real  
I miss your emotion  
Take me to heaven with the way you make me feel  
Love and devotion  
Love and devotion yeheh  
I think of you and I know your love is real  
I miss your emotion  
Take me to heaven with the way you make me feel  
And it's the way you make me feel yeah  
Love and devotion yeheh

T-t-take me to heaven

I think of you and I know your love is real
