Come show me your hardcore feelings, with your raving meanings
cause I don't know the way to groove.
I've never learned to dance this fast and I don't know how to move.
When the beat's kicking hard and the beat's kicking low, yeah you'd think it is too neat. I'd rather like to dance with like we did cheek to cheek.

(Fast Rap)

Come show me your, come show me your, come show me your,
come show me your, come show me your, show me your,
show me your hardcore feelings with your raving meanings from the bottom of your soul. I've got feelings with raving meanings I think I'm gonna lose control. When the beat's kicking hard and the beat's kicking low will you give me one more chance? I've got feelings with raving meanings now I feel I like to dance.

Come show me your hardcore feelings, with your raving meanings
cause I don't know the way to groove.
I've never learned to dance this fast and I don't know how to move.
When the beat's kicking hard and the beat's kicking low, yeah you'd think it is too neat. I'd rather like to dance with like we did cheek to cheek.
