Come On
Clap your hands, Clap your hands
Clap those hands, Clap those hands,
You're starting to move and you're watching
You're starting to move and you're watching
You're starting to move and watching you go-ooooo
You're starting to move and watching you go-ooooo
You're starting to move and your leaving
You're starting to move and your leaving for so -
o,o,o,oo,o,
This is how we had to go - oh
No-one else don't even know ohâ€¦â€¦
And all you groovies been on my toes

Clap your hands, Clap your hands
Clap your hands, Clap your hands
When I had a smoke not to soon

Well I had a small raise not a month ago
Didn't last that long it take too long
We all love good old nice, when your Dads go out
But you don't have the price

Flap your hands, clap your hands
Clap my hands, clap my hands
Clap your hands.

Ooooohhh,
You all come back now
When your balancing the kettle
With the Chromide sheckle
Fuck his hands, Fuck his hands
He's asleep on his feet too many times a week
Clap your hands, clap your hands
Stating to move and you're watching
Starting to move and you're watching him go
You're starting to move and you're watching him go
Starting to move and he's leaving it slow

Clap your hands, clap my hands
Clap your hands, clap those hands

You all come back now!
Clap your hands (Electronic mixing)
Clap your hands, clap those hands

Clap your hands [To fade]
