She walked into the room

His wine spilled upon the floor

Something 'bout the way she dreamed

Made his ship come ashore

Her eyes didn't see the count

They saw his duality

They looked through charisma

To the pain of immortality

Gabrielle dancing on the rocks

He will come for you

He will come again

So keep your eyes searching

In the clouds

He will come for you

He will come again

There aren't worlds enough

To contain her innocence

There aren't horrors enough

To reverse her fearlessness

Gabrielle dancing on the rocks

He will come for you

He will come again

So keep your eyes searching

In the clouds

He will come for you

He will come again

see you are his deathwish

don't flee, set him free

Gabrielle dancing on the rocks

He will come for you

He will come again

So keep your eyes searching

In the clouds

He will come for you

He will come again

Gabrielle dancing on the rocks

He will come for you

He will come again

So keep your eyes searching
In the clouds
He will come for you
He will come again
