Its delicious the way you're walking  
Go easy on your toes  
There's a million and one different dances  
Who do you know that knows

There's a monkey in the family  
It was trained by Adam and Eve  
It was sold to your great-great-granddad and grandma  
And decided it wouldn't leave

I had to make the grass more greener  
I had to make the sky more blue  
I had to put a stop to the Jungle Jive team  
So they don't do the dance with you

When you grow up you'll moon stomp mi lady  
To moon stomp is in your blood  
You'll have to make a keen decision  
But you'll know everything about love

There's a monkey in the family  
Swings from tree to tree  
It never stops to see how you're doing  
It just has time to feed

I had to make the grass more greener  
I had to make the sky more blue  
I had to put a stop to the Jungle Jive team  
So they don't do the dance on you

There's a monkey in the family  
It was trained by Adam and eve  
It was sold to your great-great-granddad and grandma  
And decided it wouldn't leave

I had to make the grass more greener  
I had to make the sky more blue  
I had to put a stop to the Jungle Jive team  
So they don't do the dance with you

It's delightful the way you're walking  
Be steady on those feet

Stay away from the Peppermint Twist  
Where the Humpty Humpers meet

There's a monkey in the family  
It was trained by Adam and Eve  
It was sold to your great-great-granddad and grandma  
And decided it wouldn't leave

I had to make the grass more greener  
I had to make the sky more blue  
I had to put a stop to the Jungle Jive team  
So they don't do the dance with you

There's a monkey in the family  
There's a monkey in the family  
There's a monkey in the family
