O

Crystal orbs, golden light
Come back to me and to that night
I stared at these for many hours
Until the waves came in showers

O

I'm here and will be
Addressing you only
Now answer me

O

Go way away if you must
Life and I will adjust
Let it be that I know
The fiery warmth and the glow

I'm here and will be
Addressing you only

Now answer me

O

This warm and glorious night explains
The soft peace of my remains
Oh crystal orbs shining light O
Come back to me and to that night
I'm here and will be
Addressing you only
Now answer me O
