I have a heart inside
She's begging me for suicide
She doesn't want anymore
She's lived too many lives before

So what do I say to put her at ease?
I know she'd leave with the breeze
All I can do is beg her to stay

Oh she is deceived every day
Cheated and lied to in every way
Why do you love weak little thing?
You never could handle the hurting
So what do I say to put her at ease?
I know she'd leave with the breeze
All I can do is beg her to stay

I have a heart inside
She's begging me for suicide
She doesn't want anymore
She's lived too many lives before
So what do I say to put her at ease?
I know she'd leave with a breeze
All I can do is beg her to stay
She is deceived every day
Cheated and lied to in every way
Why do you love weak little thing?
It never could handle the hurting
So what do I say to put her at ease?
I know she'd leave with a breeze
All I can do is beg her
All I can do is beg her
All I can do is beg her to stay
