[Verse 1:]

Chop em up [x4]

Cut em up [x4]

I don't be giving a motherfuck

Red dead bodies in the truck

Tie...

This is my last time

Sicker than an ass virus

It's been a bad night

It's finna pass by us

I heard he was a cannibal

I heard he take the [bleep] skulls

And eat em up like a cantaloupe

I heard he eat the human meat

Like the humans eat the animal

See how they talk about me?

I'm about to eat antidotes

Painkillers, Prozac

Muscle relaxers

Trust me, my back hurts

Insane in the membrane

Nigga my brain might be on backwards

I'm a get back to work

Kill em and put em in a cardboard box

Brains in a basket

Rumor has it

I lock like a mastiff

And I got enough zip-lock plastic

Give a nigga that hip hop casket

Who can put em in a ziploc fastest?

Me! That's who

Shit get thick like I'm molasses

I'm a get em and put em in something sinister

[?] the motherfucker means I'm about to finish him

When does a cannibal mannibal ever finish up?

(I don't know)

[Hook: x2]

I just hate the way things are

I fucking hate the music now

Rappers needs to get smacked

Show em they ain't useful now

They one-hitter quitters
Skinny jean niggas
R&B singers
I'm a krocadil meat eater
[Verse 2:]
Rip em up [x4]
Cut em up [x4]
I be giving the liver disease, killing em

Turning they insides to raw hide, grilling em
This is what happened
I wrap him up in some plastic
And took him home for the acid bath
It was so funny, I have to laugh
These niggas ain't eating meat
I beat em then leave
Taking them out for cheap
I'm a rip that body up
Blood stains in the motel lobby
I'm a probably cut
Tuesday, Wednesday, Thursday
I'm an all-day nut
Friday, Saturday, [?]
I'm a put the 9 milli to your toupee
Clock em out, Friday is a new day
Cut em out, spread the body on a Tuesday
2 labels, nigga 2 chains
Butcher knife in a black backpack
In a black Cadillac, make em take a catnap
I get RAW like Eddie Murph, nigga
How your family hurt, nigga?
I put family first, nigga
Fuck around and make it worse, nigga (Push him out
the door)
Put him in a hearse, nigga
I'm a get em and put em in something sinister
[?] the motherfucker means I'm about to finish him
When does a cannibal mannibal ever finish up?
(I don't know)
[Hook: x2]
I just hate the way things are
I fucking hate the music now
Rap needs to get smacked
Show em they ain't useful now
They one-hitter quitters
Skinny jean niggas
R&B singers
I'm a krocadil meat eater

Eat em, eat em, eat the guts up [x12]
Eat em [x15]

Eat the guts up
[Hook x2]
