Shy town
There's too much darkness in this world
Take a look inside and you'll find a pearl

It's a brand new day

Cold inside with I open the door (Minneapolis)
So I'm gonna shut it tight
So I don't feel it no more (New Orleans)
And when it tries to creep in the cracks in my window
(Louisville)
I close my eyes and sing to myself no no no

Dirty South
Gotta lose that edge and stop actin' tough (Midwest)
The only thing that'll save you now is love sweet love

It's a brand new day

People come together and get along
Cause the bottom line is we all need motivation (Steel
Town)
There's a feeling inside when I sing this song (St.
Cloud)
Their tempers hatin' all of my frustrations

We're wide smilin' keep it strong
And soon your old ghosts will all be gone
Take the time to listen to your heart beat on
And we'll be gettin' lifted 'til the sun goes down

It's a brand new day

O ooo
I've even got love for Canada
Uh Huh

Remember what I say when you had enough
Cause there ain't no time for hatin'
No push for shove
You gotta lose that edge and stop actin' tough (Austin)

The only thing that'll save you now is love sweet love
