

Harald Axel Heymans "Arise"

Visit "[Arise](#)" on MotoLyrics.com

You taught me how to love
Remind me how to stay alive
Where I stagnate in time
You have crossed the line, I realize

No need for me to see the stars
I chased away the only sun
I Â'm running alone, forever numb
Until I have reached the autumn dawn

(Chorus)
I need to free my mind
So many things to figure out
IÂ'm losing grip on time
Still I believe, I shall arise
You taught me how to love
Remind me how to stay alive
Where I stagnate in time
You have crossed the line, IÂ'll soon abide

I need to free my mind
So many things I have to figure out
IÂ'm losing grip on time
Still I believe, I shall arise

I need to free my mind
I need the time to figure out
I take a sip of wine
You know, my dear, I shall arise,
oh!
