You think this is setting you free  
but you're being tied down  
on a fucking leash  
dont try and preach that shit to me  
cos ive herd it all before and its not what i wanna be

dont think you're better your all as bad as one another  
and if youre trying to convert me dont even bother  
believe whatever fairytales that you want  
do you need this to make you feel better about  
yourself?  
i have no idea what we're doing here  
but neither do you, your just living a lie
