You're back, sitting on my doorstep  
Ah yeah, like nothing happened  
Telling me that you're free and oh  
Can you see me again?

Yeah right, you've been kicked out  
Do you think I'm that stupid?  
You say you're free but didn't he just oh, oh, oh  
Get tired of you, kid

I could not eat for days, I cried so much my face  
Has never been the same  
And now, now, you're back here with your lies  
I hope you realize

You think I'm gonna take you back  
You'd better do better than that  
I'll tell ya how it's gonna be  
Don't you never ever come near me

Let me tell you how I've been  
I've been hiding from my friends  
Hiding from the world  
Hiding from myself

You think you'll come round here  
Start singing in my ear  
Girl, you damaged me, I don't forgive so easily  
You better do better than that

Your face makes me want to be sick  
Ah yeah, it's a physical reaction  
You'd better leave 'cause you see I can't  
Won't be blamed for my actions

Oh, oh, how I ever loved you  
So dumb, how did I ever trust you?  
But you and he laughed at me, oh yeah, yeah  
When you're laid together

I could not eat for days, I cried so much my face

Has never been the same  
And now, now you're back here with your lies  
I hope you realize

You think I'm gonna take you back  
You'd better do better than that  
I'll tell ya how it's gonna be  
Don't you never ever come near me

Let me tell you how I've been  
I've been hiding from my friends  
Hiding from the world  
Hiding from myself

You think you'll come round here  
Start singing in my ear  
Girl, you damaged me, I don't forgive so easily  
You better do better than that

I gave you everything I had, girl  
But you had to try and take some more, oh  
You went behind my back, girl  
Cheated on me, I was the last to know

Did everything we have, girl, meant nothing to ya  
Well, I was such a fool  
Now you come crawling back, girl  
Oh, let me tell ya I am through with you

I'm back up off the floor and I won't get hurt no more  
I've been waiting for this day when  
You'll be back here with your lies  
I hope you realize

You think I'm gonna take you back  
You'd better do better than that  
I'll tell ya how it's gonna be  
Don't you never ever come near me

Let me tell you how I've been  
I've been hiding from my friends  
Hiding from the world  
Hiding from myself

You think you'll come round here  
Start singing in my ear  
Girl, you damaged me, I don't forgive so easily  
You better do better than that

Say something, say something  
You'd better do better than that
