Well I walked out, 'cause I had some plans
Yeah, I walked out, destiny in my own hands
I thought I'd get by without you
Thought I'd survive without you, but I
I got drunk, I did not know why, oh I
I got drunk, I was dying inside, 'cause I

Can't get along without you
I can't get along without you
I can't get along without you
No something is wrong
I can't get along without you, so I

I picked fights with men twice my size, so I
I picked fights, they punched out my lights, and I
I took smack, so I could get high
I got hooked, and I nearly died, and I
I slept rough, I lived on the streets, oh I
I slept rough, newspaper for sheets, 'cause I

Can't get along without you
I can't get along without you
I can't get along without you
No something is wrong
I can't get along without you

So I got a train and I headed home, and I
I got a train to the town I was born, and I
Went back to the place where we'd meet
I broke down and cried in the street
'Cause I realized what I'd done wrong, yeah I
I fucked up I loved you all along

Can't get along without you
I can't get along without you
I can't get along without you, girl
Believe me, baby

Can't get along without you
I can't get along without you
I can't get along without you
No something is wrong

I can't get along without you
Let me [Incomprehensible]
