I've seen you darling, seen you hanging round town  
You in a short skirt, shining eyes of deep brown  
You had a dirty look, you caught me on your hook  
Turn up the thermostat, I want to see you sweat

Oh yeah, girl, you've got something I like...

I walked right over, said hi, how ya doin'?  
You smiled at me and girl you tore right through me  
I said come on let's dance, we've got to take our  
chance  
You whispered in my ear, you wanna get out of here

Can you feel it? Rocking the city  
Ah yeah, straight out of nowhere-ness  
Like a fist, can't resist you, oh no  
I tell you something

You know I love ya, just wanna touch ya  
Stand up, knock me right off my feet  
Hard to beat  
Hard to beat  
Hard to beat

Let's spend the night, spend the night together  
Heart beating so fast, as you take my shirt off  
This girl I saw round town, well now she's going down  
Stuck on a losing streak, I think you've turned it round  
Oh yeah, girl, you've got something I like...

Read all about it, have you heard the latest?  
Boy in a band dates a hollywood actress  
But baby, you and me, we came up from the street  
No time to hesitate, we've got to push our weight

Can you feel it? Rocking the city  
Ah yeah, straight out of nowhere-ness  
Like a fist, can't resist you, oh no  
I tell you something

You know I love ya, just wanna touch ya  
Stand up, knock me right off my feet

Hard to beat  
Hard to beat  
Hard to beat

Goodness  
No, I've never known a night like this  
Can't believe it, you're so hard to beat  
Hard to beat

Drive me crazy, my beautiful baby  
Let's spend the whole day right here together

You know I love ya, just wanna touch ya  
Stand up, knock me right off my feet  
Hard to beat  
Hard to beat  
Hard to beat

Oh yeah, girl, you've got something I like...  
Oh yeah, girl, you've got something I like...
